EWS

Subject: Implementation of 10% EWS quota in PG courses in Government Medical Colleges for the academic year 2020-21.

Sir,

In order to implement 10% EWS quota in PG medical courses in the State quota in Government Medical Colleges/institutions, the States were required to enhance PG medical seats for the AY 2020-21 and observed that most states had increased their PG seats in Government medical colleges for 2020-21 either by way of applications made to MCI under section 10/A and/or by way of conversion of denotified diploma seats to degree seats.

2. As noted from the table below the States of Assam, Bihar, Chattisgarh, Goa, Jharkhand, Kerala, Madhya Pradesh, Maharashtra, Puducherry, Telengana, Tripura, Uttar Pradesh, Uttarakhand and West Bengal had more increase in seats than the seats required to be enhanced for implementing 10% EWS quota. These states have been informed to implement the reservation roster, including the EWS quota as per State policy after including the seats enhanced during the AY 2020-21 since they had been granted adequate increase in seats for the same.

S.No.	State	Requirement of seats for implementation of EWS	Seats enhanced for AY 2020-21		
			Seats granted under 10A	Diploma seats converted to degree seats	Total Seats enhanced
1	Assam	51	49	31	83

3. However, in the States of Andhra Pradesh, Gujarat, Haryana, Odisha and Rajasthan the seats increased under 10/A and/or after conversion of diplomas to degree for the AY 2020-21 was less than the number of seats needed to be enhanced for implementing 10% EWS quota. In addition there were no applications for increase under 10/A or for conversion of diplomas to degree from the Government medical colleges from the States of Himachal Pradesh, Punjab and the UT of Chandigarh. The status of increase in the above mentioned 8 States is provided in the table below. Further it may be noted that no applications were received for EWS seat enhancement from the States of Delhi, Karnataka, Tamil Nadu, Manipur and Meghalaya.

4. The Governments of Andhra Pradesh, Chandigarh, Gujarat, Haryana, Himachal Pradesh, Odisha, Punjab and, Rajasthan were requested to send their specific proposals for increase in PG medical seats in those PG courses in which they had not applied for increase in seats under 10/A for AY 2020-21, but had the potential to increase seats in accordance with the PGMER 2000 regulations so as to enable them to meet the required seat enhancement for implementing 10% EWS quota. It may be appreciated that no seats can be granted without requisite faculty because a PG student requires guidance from faculty for completion of the thesis, therefore, availability of requisite faculty has been carefully considered while granting additional seats within PGMER. DME of these states are also fully aware of the capacity of their colleges for PG courses. Proposals were received from the States of Andhra Pradesh, Chandigarh Gujarat, Himachal Pradesh, Punjab and Rajasthan. The Board of Governors, Medical Council of India, considered the proposals of the State Governments and approved the proposals that were in conformity with the PGMER regulations. No proposal was received from Government of Haryana and Odisha. A total of 145 seats were additionally approved in the 6 above mentioned states (Andhra Pradesh 6, Chandigarh 4, Gujarat 56, Himachal Pradesh 7, Punjab 17, Rajasthan 51). The details of State wise seats approved in various PG courses are Annexed.

The Teaching Institutions are advised to apply for recognition of the qualification at the time of first available examination as per the provision of Section 11(2) of the IMC Act, 1956 in respect of these enhanced seats made available to them for implementation of EWS quota.
